Discussion: None

Motion carried

Public Comment, Recognition of Employees, Faculty Spotlight

- Byron Painter – South County Publications
- Tom Yokley, Mayor of Williamsville and Dave Carter, Trustee for Village of Williamsville
 - Mr. Carter read a letter of appreciation and then Mr. Yokley presented a plaque to Administration and Board of Education stating their appreciation of the positive handling of the student lead walkout
- WHS Scholastic Bowl team, Jamie Vicich and Brant Trimpe – coaches, and Stacy Saladino, Kyle Walters, Barb Walters, Wanda Dunkel and Roxie McCuller – parents
 - The team finished their season 93-14 and were Conference Champs in December, County Champs in March, Regional Champs, Sectional and State Champs!

- A small school national tournament is coming up and tomorrow the team will go to the state capital to be recognized with a proclamation from Tim Butler
- Heath Stinebaker, Andrew Verderber and Darren Volle from Springfield Electric came to talk to the board about a solar panel energy option. They noted the following:
- In 2016, legislation was introduced that put funds into renewable wind and solar energy source options throughout the State
 - As a non-profit, the District cannot take advantage of any tax breaks. This array of panels would be owned by a third party that we would purchase the power from at a lower rate than we pay now
 - It is a 20 year agreement that provides a discounted rate
 - Showed our current usage and a photo of what solar panels would look like if we choose to do that – can go on the ground, on a building
 - Estimated cost would go from 7.2 cents/kw to 5.4 cents/kw under this agreement
 - We would net a savings of \$13,000 per year and \$1.3M in savings over 30 years – based on 3% increase in energy costs per year
 - There would not be loss of power on cloudy days, etc
 - Springfield Electric would broker the process between investors, or the District could use an interested bank
 - If we over-generate power it would be credited to the bill. We would not be able to 'sell that off'
 - After 20 years there is a buyout option where the school could buy it and not make any more payments. Panels have a 25 year factory warranty
 - If we decide after 20 years we no longer wish to do it, we have met our commitment and the power company would come and remove it
 - Chances of failure are low due to no moving parts
 - 66,000 square foot area, 1 to 1.5 acres of land would be needed
 - Fences would be negotiated. Vandalism would be something that would need to be spelled out in the agreement
 - Installation process from start to finish 8-9 months, construction is 1-2 months

Mr. Ibbotson appreciates her contributions

B. Superintendent's Report

1. Financial Update – Fund Balance Report

Mr. Reedy informed the Board that the March Williamsville Index shows a total \$3,052,090.00 in All Funds as of March 31, 2018, and an Operating Fund Balance of \$3,009,800.00.

General State Aid payments continue to be paid on time. The District is likely to receive one more Mandated Categorical payment of \$426,065 for this fiscal year. Four payments are due each year. One more will put our receipt at two.

ISBE has completed the Evidence Base Funding (EBF) distribution calculations and the money is going to start flowing from the Comptroller's Office. The District will receive an additional \$101,617 from this formula. This will place us in Tier 2 with a 69% adequacy rating. Over time the funding formula is supposed to get all schools to 90% adequacy. We will receive the funding in our last 6 FY2018 General State Aid payments.

Mr. Reedy stated that we received the 2017 Levy Tax Extension Report from Sangamon County. Our Equalized Assessed Valuation increased almost 5.0% and new construction was over \$3,900,000. This means the District's Tax Rate will drop from \$4.51 to \$4.48. Mr. Reedy anticipates an estimated \$356,000 increase of local revenue for ALL FUNDS and estimates a \$206,000 increase in revenue for the Education Fund.

In closing, he noted that the District has received 64% of the FY18 budgeted revenues and spent 77% of the FY18 budgeted expenses. He estimates an All Fund balance of \$886,565 and an Operating Fund balance of \$843,965 at the end of the fiscal year. This is an estimated true balance that does not include early tax money.

2. Facilities Update

Mr. Reedy informed the Board that State reporting for the Illinois State Board of Education requires a specific identifying number for each building. Going forward, the middle school will be merged with the junior high for this reporting. This will streamline required reports.

He also noted that all roofs and facilities are fine after the recent rain and snow. Issues will continue to be patched until an additional revenue stream is available for the actual needed fixes.

3. District Vision Committee Report

Mr. Reedy informed the Board the fifth vision committee meeting went well. The committee reviewed the County Sales Tax, the proposed priority list, a financial update, and provided a building tour of WHS.

The proposed priority list consists of:

- School security and safety upgrades
- Pay off existing WHS gym debt
- Health, Life, Safety expenses
- Deferred maintenance on all buildings
- Facility Upgrades

The next meeting is May 14th at 6:30pm at the WJHS Cafeteria. Building tours of WMS and WJHS are being planned. The committee will continue to move forward with conversations about a potential limiting rate, building bonds, and DESEB referendums. Additionally, the committee is taking the needed steps to prepare for a County Sales Tax initiative.

4. Future Staffing Needs & Open Positions

Mr. Reedy stated the District has WHS Guidance Counselor, WHS Special Education Teacher, and SES Special Education Teacher positions open. He noted that with the teacher shortage, we may have a challenge filling the positions. He is still considering adding a SES Assistant Principal for the 2018-2019 school year.

5. 2018-19 and 2019-20 District Calendars

Mr. Reedy recommends the approval of the 2018-19 and 2019-20 WCUSD#15 school calendars and stated there could be changes down the road, such as trimesters for SES.

He noted that two years of calendars were developed so the District can plan instructional improvement days and so the community has access to the information sooner.

On the 2018-19 calendar, the first day of school for students is August 21st, with the last day of school on May 29th, should no snow days be used. On the 2019-20 calendar, the first day of school for students is August 20th, with the last day of school on May 27th, should no snow days be used.

6. 2018-19 Regular BOE Meetings

Mr. Reedy recommends changing the start time of the monthly board meetings to 6:30pm from 6:00pm to help those who work late. The exception to this would be negotiation meetings which will be recommended to start at 6:00pm.

He recommends keeping the meetings on the third Monday of the month except when Monday is a holiday, when they will change to Tuesday.

7. WCUSD15 Facility Use and Rental Policy

Mr. Reedy informed the Board that Viper Mine contacted the high school about using their building for annual training. The District has a facility usage agreement, but costs need to be set.

The facility use agreement breaks groups into three categories:

- Level 1 – Non Profits
- Level 2 – Community Organizations (Non-student affiliated)
- Level 3 – Commercial and Political Activities (District Resident)

Proposed costs per level are:

- Level 1
 - Free
- Level 2
 - \$20.00/hr for each facility, \$50.00/hr for Computer Lab
 - \$100 non-refundable deposit
- Level 3
 - \$40.00/hr for each facility, \$50.00/hr for the Computer Lab
 - \$100.00 non-refundable deposit
 - Custodian fee - \$20.00/hr
 - Cook fee - \$20.00/hr

8. District School Security and Safety Meeting

Mr. Reedy stated that on April 12th the District held the annual school security and safety meeting. Many were in attendance, including First Responders, Police, Administrators, Public Officials, and Staff.

The group discussed current practices, future drills, and ALICE implementation.

The next meeting is scheduled for August 31, 2018, allowing the meeting to take place at the beginning of the year going forward.

He noted that the safety of staff and students and communication are a top priority with all the organizations.

9. FOIA Request

Mr. Reedy received a FOIA from Ivan Parfenoff from the Shriver Center in Chicago requesting information on if our school district employed a SRO (Student Resource Officer). We do not employ a SRO.

10. Other – Williams Township Donation

- Evidence Based Funding Model (EBM) & Every Student Succeeds Act (ESSA)
 - Will start these in future meetings
- Negotiations
 - Demand to Bargain was received today – must set a date within the next 60 days
- Future Committee of The Whole Meetings
 - With potential referendums coming up – may need do this
- Board of Education Retreat Sponsored by IASB
 - Still have a retreat available to use
- Williams Township
 - Rich Bond, road commissioner, asked Mr. Reedy to attend a meeting as their group has some money to be utilized. Mr. Reedy suggested a scholarship or safety options as possible uses for the money. The Township would like to donate \$5000 to the school security and safety enhancements
 - Will send a thank you from the board
